Dear Dr. Hockett:

The 1979 Deuel Conference on Lipids will be held March 8, 9 and 10 at Highlands Inn near Carmel, California. The subjects for discussion are: "Enzymes of Cholesterol Metabolism and Their Modifiers" (3 sessions) and "Eicosapolyenoic Fatty Acids to Prostaglandins, Thromboxanes and Prostacyclin" (2 sessions).

Because of past support from The Council for Tobacco Research--USA for Deuel Conferences, we are informing you of the program of the coming conference and soliciting your support again this year. If you support the conference by a contribution of $1000 or more, we invite you to choose two representatives of your organization who will participate in the conference.

For your information, we enclose a brief description of the Deuel Conference and a copy of last year's program. May we have your early decision on this matter?

Sincerely,

Ralph T. Holman
